**Interview Summary**

Applicant's attorney, Stephen P. McNamara conducted an interview with Examiner Stephen M. Johnson on August 12, 2006. The commercial version of the product presented in the present application was demonstrated. A set of possible draft amended claims 18-20 (see the Examiner's Interview Summary) were discussed and Examiner Johnson indicated that it was likely that these claims would better define the commercial product presented in the interview, and that such claims better defined the invention over the prior art. No agreement was reached regarding patentability.

Respectfully submitted,
